### Did you know...

- Parents who had clear discussions with children around the risks of underage drinking before the age of 10, had children who were less likely to initiate alcohol use early.\(^1\)
- Children who drink before the age of 15 are 4 times more likely to develop a lifelong dependency on alcohol.\(^2\)
- It is illegal to allow minors to possess alcohol or “host” underage drinking parties.
- 65% of teenagers report that they get their alcohol from family and friends.
- During adolescence, significant changes occur in the body, including the formation of new networks in the brain. Alcohol use during this time may affect brain development.\(^3\)

Skills and Tips to Prevent Underage Drinking

The Power of Parents

"What parents may not realize is that children say parental disapproval of underage drinking is the key reason they have chosen not to drink."

Source: Charles Curie, former Substance Abuse and Mental Health Services Administration (SAMHSA) administrator, U.S. Department of Health and Human Services.

TIPS

- Have dinner together regularly as a family when possible.
- Stay in touch with your kids when you’re not around through phone calls and text messaging.
- Brainstorm with your kids about ways to say “NO” if offered or encouraged to use alcohol.
- Have a conversation with your child about who they will contact if they end up at a party scene and need help.

Source: www.ctclearinghouse.org/Topics

TAKE ACTION

- Talk Early and Often with Your Child
- Get Involved
- Be a Role Model
- Teach Kids to Choose Friends Wisely
- Monitor Your Child’s Activities
- Set Rules
